PROFESSIONAL EXPERIENCE

Audit Senior Associate

October 2024 - June 2026

Deloitte

Costa Mesa, CA

- Redesign and deliver v2 of “Unicus,” an internal AI-powered IPO readiness assessment tool, raising its internal performance rating from 1.2/5 to 4.6/5.
- Engineer multi-stage LLM-to-LLM prompt architecture that converts unstructured M&A interview transcripts into 30+ page structured reports covering FP&A, tax, controls, and reporting risk.
- Lead transaction testing and ASC 820 fair value workstreams across \$1T+ AUM fund complexes spanning mutual funds, ETFs, hedge funds, fund-of-funds, and private credit.
- Validate valuation inputs and data integrity for complex Level II/III holdings, derivatives, and alternative investments within multi-entity fund structures.
- Diagnose and resolve accounting issues with C-suite leaders and fund administrators through structured working sessions, accelerating close timelines.
- Supervise and coach junior staff and interns, reviewing workpaper documentation for accuracy and streamlining testing procedures to improve team efficiency.

Audit and M&A Advisory Intern

January 2024 - March 2024

HCVT

Irvine, CA

- Developed an Excel VBA macro automating preprocessing of QuickBooks trial balances into quality of earnings databooks, saving 3+ hours per engagement.
- Consolidated monthly trial balances and mapped accounts into standardized groupings to build income statements, balance sheets, and three-year monthly working capital schedules.
- Performed quality of earnings diligence on 4 middle-market buy-side and sell-side transactions, analyzing EBITDA bridges, working capital seasonality, and customer concentration.
- Quantified management, pro forma, and diligence adjustments and tied out cash proofs, supporting sell-side adjusted EBITDA of \$5.7M, up from \$4.0M reported.
- Reconciled cost flows across 427 international containers and 65+ SKUs, validating inventory pricing data and margin integrity for a global e-commerce client.

Audit and Assurance Intern

June 2023 - August 2023

Deloitte

Costa Mesa, CA

- Selected for the Controllershship Transformation team within Accounting & Reporting Advisory to support UiPath Robotic Process Automation (RPA) deployments.
- Built an automation assessment workflow that captured business process details through intake forms and generated client-ready PowerPoint reports on automation potential.
- Scored automation candidates on a three-dimensional framework weighing build difficulty against ROI, enabling clients to prioritize RPA build-out opportunities.
- Leveraged SharePoint, Copilot Studio, and Excel VBA to automate assessment reporting, cutting preparation time by 2+ hours per engagement.

Program Associate

October 2022 - June 2023

UCI Center of Investment and Wealth Management

Irvine, CA

- Designed an executive dashboard for Board oversight of LIFEvest program performance and outreach metrics.
- Automated applicant tracking for 300+ candidates using Python, improving data management efficiency.

EDUCATION

University of California, Irvine| Bachelor of Business Administration

June 2024

- Member, Beta Alpha Psi, Accounting Association, Undergraduate Business Association
